Italian Earthquake Dialogue

Experience, Lessons Learned, and Challenges since 08-25-2016 earthquakes.

November 17, 2017
Posvar Hall, Room 3800
12:00pm-2:00pm

Matteo Pozzi
Associate Professor, Civil and Environmental Engineering at Carnegie Mellon University. His research focuses on probabilistic risk and analysis. He looks at methods to reliably mitigate risks and extend system life spans in civil system.

Professor Scira Menoni
Full Professor at the Department of Architecture and Urban Studies of the Politecnico di Milano. She teaches courses on disaster risk prevention and has research experience in a number of EU funded projects.

Walter Milan
National communications responder for the National Corps of Alpine Rescue and Speleological Team. He is a professional journalist and has been covering national and international news reports. He is responsible for the gathering of information and monitoring of the activity of the Italian Civil Protection Department.
